

SUNDAY RIVER MAINE

MARCH 4 - 9, 2018

Captains Henry Henning and Rita Metzgar

It's hard to believe that 25 years ago a group of friends traveled from New Jersey to Bethel Maine to check out a place called Sunday River. They were looking for someplace to ski for a week that would have something for beginners and experts alike and something for those in between. Well, they were not disappointed nor have we been all these years later. It really is a place for everyone.

Last year we stayed at the Jordan Hotel, a first after spending many years at North Peak Condos. What a difference! Again this year, we will stay in a variety of condo style units at the Jordan. The units available this year are the Standard studio for 1 or 2, two bedroom suites for 4 and three bedroom suites for 6. There are a limited number of each unit "reserved" for CJSC for the week. The hotel has several options for food and drinks, a very nice hearted pool and hot tubs, a workout room, shuttle buses to move you around the mountain if you don't want to ski out or back at the end of the day, elevators, a gift shop, rooms for a massage, ski valet and a game and laundry room plus free parking.

The nice thing about the Jordan is that everyone is in the same building. You can still get together for group meals and impromptu parties without putting on boots and your jacket,

*The price this year **per person** is as follows and includes the lodging, 5 ½ day lift ticket, welcome reception party with 2 drinks, finger food, 5 complimentary adult Perfect Turn lessons all taxes and fees.*
